Forecast For Wales
Issued by Met Office Exeter
at 1600 on Sunday 12 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Strong winds easing overnight, but outbreaks of rain developing.

This Evening and Tonight:
Breezy for all Sunday evening, but very windy along coasts, before winds ease in the early hours of Monday. A cloudy and mild night with rain spreading east. Drier, clearer, and cooler across the northwest by dawn. Minimum temperature 5 deg C (41 deg F).

Monday:
Largely cloudy with outbreaks of rain, more persistent and heavier across southern areas in the afternoon. Driest in the northwest. Very mild in the south, but slightly cooler further north. Maximum temperature 12 deg C (54 deg F).

Outlook for Tuesday to Thursday:
Mild and largely cloudy throughout the week. Generally dry but the cloud thick enough to produce some patchy drizzle. Risk of morning fog developing under any cloud breaks.
